Dear Marilyn:

Pursuant to your letter of October 24th, WYBC is most willing to cooperate in your efforts to secure interviews with the cast of TEXAS, LI'L DARLIN'.

However, two difficulties immediately present themselves. First, our wire recorder is for all intents and purposes out of order, while our tape is still on order and has not arrived to date. The only recording we are now doing is on wax. That we have.

Second, TEXAS, LI'L DARLIN' is showing this week, not next, as you state in your letter. It is at the Shubert now.

Perhaps this knowledge changes your plans. If not, and you want to, and can get the cast to cooperate, our personnel will help by handling all the technical details involved in making such a recording at our studios.

Most cordially,
